

DHIMAN RISHAV

Senior Full Stack Developer & Software Architect

Email: rishabk227@gmail.com | Phone: +91 97805 61684 | Location: Pathankot, Punjab, India

PROFESSIONAL SUMMARY

Accomplished Full Stack Developer and Software Architect with extensive production experience building enterprise-grade Laravel 13 & PHP 8.3 applications, reactive Next.js & React frontends, high-throughput REST APIs, multi-tenant SaaS platforms, and enterprise CRM solutions. Expert in leveraging AI-assisted workflows (ChatGPT, Cursor AI, Google Antigravity, Claude) to accelerate development velocity, code auditing, and architectural refactoring while adhering to strict SOLID principles.

CORE TECHNICAL SKILLS

AI-Powered Engineering: ChatGPT, Cursor AI, Google Antigravity, Claude AI, GitHub Copilot, Prompt Engineering

Backend & Frameworks: Laravel 13, PHP 8.3, Node.js, Express, RESTful APIs, Microservices, SOLID Principles

Frontend & UI Engineering: React.js, Next.js 14, Vue.js 3, JavaScript (ES6+), Tailwind CSS, Responsive Design

Databases & Performance: MySQL 8.0, PostgreSQL, Redis Caching, Database Indexing, Queue Workers

Cloud, QA & Integrations: Stripe, Razorpay, Postman API Testing, AWS (EC2/S3), Docker, Git, Flutter

PROFESSIONAL EXPERIENCE

Full Stack Laravel Developer — Hash Software

Feb 13, 2023 – Present

- Architected and delivered custom SaaS platforms, enterprise CRM systems, and client-facing web portals.
- Utilized AI coding workflows (Cursor AI, ChatGPT, Antigravity) for rapid prototyping, logic validation, and bug fixing.
- Engineered production RESTful APIs and performed extensive Postman testing, endpoint validation, and integration.
- Implemented multi-tenant architectures, payment gateways (Stripe, Razorpay), webhooks, and subscription workflows.
- Optimized complex database queries and Redis caching layers, reducing API latency by over 45%.

KEY DELIVERED PROJECTS & CLIENT PORTFOLIO

WillowSpace [Laravel 13, React/Vue, MySQL, Stripe Subscriptions, REST APIs]

Enterprise all-in-one business management SaaS with contract signing, automated invoicing, proposal builders, and client portal.

Classes CRM [Laravel, PHP, MySQL, React/Next.js, REST APIs, Automation]

Comprehensive coaching & batch management CRM with automated scheduling, fee tracking, attendance records, and parent notifications.

Freelance Nurse [React, Next.js, Tailwind CSS, Forms, Responsive Design]

Full website development, responsive testing, interactive forms, content updates, and location-specific compliance changes.

Legal Expert [React/Next.js, Tailwind CSS, Responsive Design, QA]

Full website QA, multi-device responsive testing, UI/UX bug fixing, form submissions, and email dispatch verification.

Zaccid [REST APIs, Postman, React/Next.js, API Integration]

API updates, Postman endpoint testing, Property Module development, database schema updates, and backend API integration.

Cosmetic Consultation [React/Next.js, Tailwind CSS, Content Management]

Website content updates, treatment-content removal, page-wide layout updates, and multi-browser cross-device testing.

Setup to Succeed / Gretta [SaaS Architecture, Account Management, Subscription Migration]

Enterprise SaaS account migration, subscription & billing transfer, account configuration, and client-facing workflows.

Personal CRM / Developer Tool [React/Next.js, Flutter, REST APIs, Database, CRM Engine]

Custom CRM platform to streamline client/project pipelines, invoices, and future cross-platform Flutter mobile app integration.

EDUCATION & QUALIFICATIONS

Master of Computer Applications (MCA)

Completed

Specialization: Advanced Software Engineering, Distributed Cloud Systems, Relational & NoSQL Database Architecture.
